with every  
boot cleaner ordered

# Out with the conventional and in with convenience

## BOOT CLEANER

Maximize the efficacy of boot disinfection  
Save on disinfection costs  
Free standing - can therefore be  
strategically placed in the hatchery, on  
the farm or in the abattoir  
Complete with 5 brushes and grate  
Sturdy stainless steel model

## DISINFECTANT MAT

An important tool in your HACCP  
program  
The Disinfectant Mat can be used at all  
transition areas in hatcheries and  
abattoirs to prevent cross contamination
